Friday 8th November

Dear Parent,

Reports

You will find your child's Autumn term report in their book bag today, which gives you an indication of their predicted levels for the end of the academic year, and where they are now. The levels and efforts are based on teacher assessment.

Our pupils in Reception class continue to work towards the Early Learning Goals (ELGs).

For years 1 to 6 the children are graded on how well they are meeting their year group's objectives (A.R.E: age related expectations).

At this time of the year your child should be 'entering' their A.R.E.

For example if your child is in year 3, to be on track they should be Y3E. If they are Y3W or Y3S they are above the A.R.E. If they are Y2S or below, they are below their A.R.E and they will be having extra support in class to help them.

At the end of the year your child should be 'secure' in their A.R.E. (Y3S)

Children with predicted grades 'g' refers to greater depth (above their A.R.E)

Children with predicted grades 'w' (within) or 'e' (entering) means their child is working slightly below their A.R.E.

Parents evening

You will have an opportunity to ask questions about your child's development and learning during Parent Teacher meetings on Monday 11th November or Tuesday 12th November. You will find your parents evening slot in with your child's report. If you are unable to make the time that you have been given, can you please inform the office.

Yours sincerely,

Mrs Scourfield
Headteacher
