

It Don't Mean a Thing

What good is melody? What good is music?
If it ain't possessin' that something sweet

It ain't the melody — It ain't the music
There's something else that makes the tune complete

Wat dat doo Wat dat do Wat dat do Wat dat do do do
Wat dat doo Wat dat do Wat dat do Wat dat do do do

Verse I

It don't mean a thing if it ain't got that swing
do wat do wat do wat do wat do wat do wat

Verse II

It don't mean a thing All you got to do is sing
do wat do wat do wat do wat do wat do wat

Bridge

It makes no difference if it's sweet or hot
Just give that rhythm everything you got
It don't mean a thing - All you got to do is sing

Verse I

It don't mean a thing if it ain't got that swing
do wat do wat do wat do wat do wat do wat
do wat do wat do wat do wat do wat do wat
do wat do wat do wat do wat do wat do waaaaaaa
