

You Know Everything

C Em D/F# G
The darkest corners of the universe
C Em D/F# G
The deepest secrets of every man

C Em D C Em D
You know everything. You see everything

You count the teardrops nobody sees
You hear the prayers of our silent screams.

C Em D C Em D
You know everything. You see everything.

Before You suffered to keep me around
You knew I'd fail You and let You down

C Em D C Em D
You knew everything in me. And still gave everything for me.

CMaj7 - D6add4add9 - Bm11#5 – Am9 (for the rest of song)

What kind of love is this? Choosing a messed up friend like me.
What kind of love is this? Knowing my faults and still You wanted me.
