

USE MÖRE GAS

- BAND INFO -

BIO

Use Möre Gas is the Düsseldorf based powerhouse founded in 2010. The original members Dan, Costa and Dom were soon joined by Niki who gave up two strings to get the job as their bass player. From there on they went out to show people what kicking ass is all about. Their music grabs you by the balls, pushes you into overdrive and makes you feel like being part of the meanest roadmovie soundtrack out there.

The undeniable vibe of Rock 'n' Roll, nasty Punk Rock mixed with double guitars and rusty vocals doesn't come often these days. It's a simple but effective recipe and pays tribute to their obvious heroes, while giving you their own trademark Highway Rock'n'Roll in one riff.

Their debut EP "Gang Of Gasoline", released in 2013, made clear these motherfuckers are dressed to kill and ready to blow up the stage. The energy level is on a dangerous high with sweat, blood and tears dripping from the ceiling when they show their trade sharing stages with bands like Chrome Division, Chuck Norris Experiment, Nitrogods, V8WIXXER or The New Black.

Put on your dancing boots and prepare for a fast, dirty and loud Rock 'n' Roll adventure.

Use Möre Gas - If it ain't loud, it ain't right

USE MÖRE GAS. Schnell, dreckig und laut kommt die Düsseldorfer Combo ohne Umwege auf den Punkt! Die Musik schiebt stetig nach vorn und erinnert an einen Roadmovie-Soundtrack der fettesten Art. Hier schreit es in allen Facetten nach derbem Rock'n'Roll der kompromisslos, aber immer "tanzbar" groovt!

Die rostigen Vocals und heavy Gitarren gehen runter wie Öl und lassen ganz klar werden wer die Musikalischen Vorbilder sind. Dass dem Highway-Rock'n'Roll nicht nur gehuldigt, sondern auch ein ganz neues Gesicht verpasst wird, zeigen die vier Benzinkanister während ihrer energiegeladenen Shows, bei denen sie schon die Bühne mit Szenegrößen wie Chrome Division, Chuck Norris Experiment, Nitrogods, V8WIXXER oder The New Black teilten.

Gnadenlos liefern die Vollblutrocker den destillierten, ungeschminkten, fiesen Rock'n'Roll, den die Musiklandschaft heutzutage vermissen lässt.

USE MÖRE GAS - If it ain't loud, it ain't right.
