

JOHNSON'S CREEK

Johnson's Creek is a premier country rock band from south-central Ontario. The music is fresh, drawing inspiration from legends like: Cash, Haggard and Williams, mixed with the fun lyrical stylings of The Road Hammers and Blackjack Billy. The music is best described as country rock or "redneck rock n' roll". The guys bring a high energy stage presence and love to get interactive with their audience. Having released their debut single "Ocean Fantasy" in the summer of 2017, the guys have followed that up with another summer time single "I Like It Dirty" in June 2018. As of August 2019 fans can now get their hands on JCB's self-titled EP.
