

Shark Song

Now there was a boy (doo doo doo bee doo doo)

And there was a girl (doo doo doo bee doo doo)

They went for a swim (doo doo doo bee doo doo)

A swim in the sea (doo doo doo bee doo doo)

They swam so far (doo doo doo bee doo doo)

Yeah really far (doo doo doo bee doo doo)

Til there was no one around (doo doo doo bee doo doo)

Just no one around (doo doo doo bee doo doo)

Devoid of habitation (doo doo doo bee doo doo)

Completely unpopulated (doo doo doo bee doo doo)

Except for the Sharks (doo doo doo bee doo doo)

The mummy sharks (doo doo doo bee doo doo)

The daddy sharks (doo doo doo bee doo doo)

The grandpa sharks (doo doo doo bee doo doo)

The baby sharks (doo doo doo bee doo doo)

They swam so

fast, really fast, to the shore, out the water, really really really really fast

(go back to "Til there was no one around...") repeat forever
