

If you..

If you're a dream within my dream
I'll close my eyes to be there to
And if it's heaven that I have seen
You filled it with the brightest light
That I've ever seen

That I have ever seen
That I have ever seen
That I have ever seen

If there is a voice inside my heart
It's the echoes from those moments
You guided me through gates
And lead me to places
That I have never been
That I have never been

That I have never been
That I have never been
That I have never been
