About 100 sleeps later

80 more awake

lying on the floor, my heart could only ache

from here to here

from there to now

You could never figure it out

About 100 sleeps later

30 more dead

couldn't seem to get you out of my head

you broke my heart

slammed the door

Guess I always wanted you more

I'm too loud and proud

little and meek

busy, boring, strong, and weak

Never enough no matter how I've changed

I couldn't see

But now 100 sleeps later

80 more awake

Standing tall now and waiting to face

From here to here

From there to now

I had finally figured it out

Never before

Thought how I was so much more

Than who you said I'd be

I'm loud and proud
little and meek
busy, boring, strong, and weak
but it's exactly who I want to be
I'm too loud and proud
little and meek
busy, boring, strong, and weak
that's exactly who I want to be
Can't you see
