

Secret Garden Lyrics

I'm lucky to have found this place
Where I often run and hide
I accept everything you told me
even if it's all a lie

I'm grateful, for you dear, and if you,
find it hard to swallow, then meet me, tomorrow,

My bodies trembling beneath you
I can feel you on my skin
They say nothing lasts forever
in this world we're in this world we're living in

It started with crush, crush, crush
Ended with a rush, rush, rush

I was slipping under pressure
and then I found you here
You give me more than I can measure
together we have no fears

in my secret garden, I'll show you, the way to, keep me coming back here,
forever, and ever

My bodies trembling beneath you
I can feel you on my skin
They say nothing last forever
in this world we're in this world we're living in
Is this real or am I dreaming?
cause I'm feeling wide awake
I'll never stop believing
Close you eyes,
I'm by your side

It started with crush, crush, crush
Ended with a rush, rush, rush
You're all I'll ever need..

I'm grateful, for you dear, and if you,
find it hard to swallow, then meet me, tomorrow,
in my secret garden, I'll show you, the way to, keep me coming back here,
forever, and ever,

My bodies trembling beneath you
I can feel you on my skin
They say nothing last forever
in this world we're in this world we're living in
Is this real or am I dreaming?
cause I'm feeling wide awake
I'll never stop believing
Close you eyes,
I'm by your side

It started with crush, crush, crush
Ended with a rush, rush, rush
