

**Lyric Sheet - "Is This Life...(Single)"
Harli & The House of Juniper**

Verse 1

My hometown was hit by a car yesterday
I heard it on the news
Our new laws have justice thrown away
I heard it on the news
We all tried to fight for our lives
I heard it on the news
Any move we try to make is a failure
I saw it on TV

Chorus

Is this life or betrayal of life,
Where hypocrites control the world
No, we can't end world hunger, baby
But we sure can start a war
Is this life or treason, honey
I can't seem to find out myself
Is this world so cruel that maybe
The poor are banned from having wealth

Verse 2

Teenage suicide level increases
I saw it on TV
Another child star's in rehab
Well isn't that the Disney dream
When you wish upon a star
You yawn then go to sleep
Racism is back on the streets
And all the mixed kids
We're crying

Chorus

Is this life or betrayal of life,
Where hypocrites control the world
No, we can't end world hunger, baby
But we sure can start a war
Is this life or treason, honey
I can't seem to find out myself
Is this world so cruel that maybe
The poor are banned from having wealth
