

# E Blues Scale

The diagram illustrates the E Blues Scale on a guitar fretboard. The scale notes are E, G, A, B, D, and F. The fretboard is divided into six horizontal sections, each representing a line of the guitar. The fret numbers are indicated above each section: 1-12 for the first five lines, and 7-15 for the sixth line. A lightning bolt symbol is placed over the sixth line. A vertical stack of five circles labeled 'E' is on the left side of the first line. Diagonal lines cross through the bottom two lines of the diagram.
