

# D Major Scale

The image displays several fretboard diagrams for the D major scale. Each diagram shows a six-string guitar neck with frets numbered 1 through 12 (or 15). Notes are indicated by black dots, and the root note 'D' is circled. A lightning bolt symbol is used to indicate a scale extension from fret 12 to 15. A vertical stack of four circles on the left side of the bottom diagram contains one circled 'D'.
