

***there's a man in my drain***

or am i insane  
as i stare straight down the gutter  
to me it seems clear  
a small man is near  
for a melodious sound he does utter  
small little pops  
like a click of the tongue  
but with very discernible pitches  
i swear he is singing  
a song he is bringing  
a pied piper  
who quickly bewitches
