

I went walkin
walkin far
I went walk to where you are
walk to where you are

I went walkin
walkin slow
I went walk where er I go
Walk where er I go

You went walkin
your own way
I walk mine and we'll both pray that
may we walk one path one day
walk one path one day

and you been walkin
step by step
you been heavin
breath by breath
and many walk
themselves to death

So I went walkin
walkin slow
i went walk where er I go
er I go, lord
er I go
Walk where er I go
