“He understands the needs and background of the at-risk population”

Marie Foster, CACII, Behavioral Counselor

Bridge Program Speakers- Macon Transitional Center

“Jeff Hodges stepped up to fulfill a need within our facility. The recidivism problem over the years has increased and as such the Department of Correction was searching for ways to decrease the statistics of said increase. Mr. Hodges readily volunteered his time at Macon Transitional Center as a mentor and a motivational speaker.

Mr. Hodges stated that his only reward is to help bring about positive change by instilling awareness. Jeff is an eloquent speaker whose ultimate goal is to provide needed direction via knowledge and information. He travels the country speaking “positive change and a better tomorrow”.

Jeff Hodges is a speaker, publisher, author and a man who “has a heart for his fellowman”.
