

Again

Music & Lyrics | George Gad

Verse 1

I'm taking a shower
What took you so long?
I'm waiting for hours
For you to come along
It's getting too late
Where are you MJ?
Winter is coming
It drives me insane

Verse 2

I'm stuck in the traffic
Come on! I say move!
A tiger is roaring
I want to let it loose
My eyes are red
Just like "the walking dead"
I am dying to hold you
And drain you again

Bridge

Under the bed, high on the ceiling
Upside down, naked and screaming
You are my passion
There's no one to blame
MJ I love you
Let's do it again

Chorus

Again, Again
Let's do it again (x4)

Verse 3

I'm knocking the door
You lie on the floor
Green heaven surrounds us
We'll never walk alone
The lights are out
You want to be found
I am touching you naked
You turn up the sound
