

Heart in a Bottle

Music & Lyrics | George Gad

Verse 1

Oh God, I wanted you and hell I trusted you
I should dance, have fun, make love
But I shouldn't ever trust a word

Chorus

Listen to me baby I don't wanna let you go
It was a 30 days of madness
I don't wanna skip them all

Verse 2

All things, I found in you
At first they seemed to be true, but I know
Your heart was full of tricks
And I was trapped in it, before I know
I was mad, dead blind, to show you
How much I loved to hold you

Chorus

Listen to me baby I don't wanna let you go
It was 30 days of madness
I don't wanna skip them all
Listen to me kitty
I would like to feel you now
But your heart is in a bottle
It's hard for me to break it now
