

# I'm Sorry

Music & Lyrics | George Gad

## Verse 1

Baby last night, I hurt you  
But baby, I know, this wasn't the first time  
And baby my tears can't make me stronger  
You see my heart still cries

## Verse 2

And every time I think you're with someone else  
And every time I can't make love to you  
I get so angry  
I am sorry, I am so sorry

## Verse 3

And I know I am still a child, I am not a man  
But I love you with a heart of a child  
And you know how a child can love  
You know that I love you, I I need you

## Verse 4

And every time I kiss of you, I get high  
And every time I want of you, I wanna die  
And every time I dream of you, I still hide

## Chorus

I am sorry
