

Four-Letter Words

Four-letter words
If they're true
Just no need to use more

Give and take
Luck or fate
Soon but late

Love and hate

Four, no more
If it's what you feel to be real
Then it's all you need

Keep pace
Lose face

Haven't you heard
Love is the word
Letters just four
No need for more

Open your eyes
Warm, kind, and wise
Next, not last
Soon, not past
Open door
Seeking more

Ache and care
Live and dare
No wasted time
Mean every line

Hate is a four-letter word

Push pull soul full lose find your mind

Haven't you heard
Love is the word
Letters just four

No need for more

Life asks but four
No need for more

No more
If it's what you feel to be real
Then it's all you need

Know fate
Don't wait

Four
No more
