

## Kiss The Ground

It ain't comin' 'round again  
'round 'n 'round 'n 'round again  
the world may not be round again  
grind you to the ground my friend

Looking up  
clouds roll by  
kiss the ground  
touch the sky

watch out  
it's closing in  
something's closing in

It ain't comin' 'round no more  
nothin's waitin' at your door  
take you to the bitter end  
nothin' comin' 'round the bend

It's closing in

Acting up  
stealing hearts  
checking out  
playing parts

what's closing in
