

ALL IN

ALL IN was a little surprised when the Coast Observer Magazine named them as 1 of the TOP 3 Best Bands in 2015; but this prodigious group of 30 year olds and their TOP 40 covers have been generating a buzz in South MS ever since. No word sums their live show up better than the word *interactive*. The audience essentially becomes part of ALL IN. As 1 of their fans described, "ALL IN's stage show should have to be approved by the FDA as a stimulant!"
