

THE SAVAGE HEARTS TRIO

BIOGRAPHY

The Savage Hearts Trio is a fiery stage act that features three powerful lead female vocalists who have come together in a spicy tribute to the unsung women of classic country and bluegrass music. Featuring Tracy Lynn, Jodi Harbin and Annie Savage with assorted twin fiddlers and guest artists, the band's drill-it-to-the-wall lady-vocals and bombastic instrumentals blended with just the right amount of saucy "been there done that" stage banter has audiences laughing and crying at the same time! Virtuoso instrumentals soar above vocals that are hotter than the punch of a ghost pepper in the middle of a hot flash.
