### Minister's Offering Special needs Education and Services

“The Moses Ministries” is a certified training program for congregations to address the incoming needs of the Pastors/Leaders as it pertains to incoming members living with a special health care need. Its goal is to train and equip an appointed person as a "Special Needs Resource Advisor". The appointed "Special Needs Resource Advisor" will address the incoming needs of a pastor/leader as it pertains to families with a special health care need. The Moses Ministry will equip appointed person through training, workshops, tool kits and ongoing support in creating a replicable resource center within your congregation to address the needs of members living a special health care need.

Outcomes for congregations after successful completion of "The Moses Ministries " Certified Training:

- A congregational member will receive training and become a certified "Special Needs Resource Advisor"
- 2 Completed Tool Kit © A Tool Kit of congregational breakdown as it pertains to people living with a special need in their congregation, as well as, a Tool Kit designed by T.R.C. which will provide a data bank of resources specific to your congregational community needs pertaining to disabilities.
- Receive personalized ongoing training and support to equip your certified "Special Needs Resource Advisor" as they create a successful replicated resource Center in your congregation
- Yearly follow up to insure certified training
- Ongoing faith based curriculum for pastors and "Special Needs Resource Advisor" to address the biblical needs of persons living with a special need, caregivers, as well as, professionals providing outreach to families in need.
