

## **Cowboy, Won't You Sing?**

There's a fire in the ring  
And the full moon way up high  
Cowboy, won't you sing?  
A song so sad to make me cry  
Lai lai lai lai lai lai

The sky is vast  
And the waters pure  
Can't it last  
A little more?  
Let's ride off to Del Rio  
Hit the trail tomorrow  
Lai lai lai lai lai lo

Oh I miss my dear Katie  
My heart she did ring  
Her hair was strawberry  
So now cowboy, won't you sing?  
Lai lai lai lai lai li

The sky is vast  
And the waters pure  
Can't it last  
A little more?  
Let's ride off to Del Rio  
Hit the trail tomorrow  
Lai lai lai lai lai lo

Oh stars in heaven above  
Tell me what you're thinking of  
You're all looking down at me  
Tell me what do you see?  
Lai lai lai lai lai li

Won't you sing  
In the hills and valley?  
'Til the birds go quiet in the trees  
Lonesome cowboy, won't you sing?  
Lai lai lai lai lai li

Stars in heaven above  
Tell me what you're thinking of  
You're all looking down at me  
Tell me what do you see?  
Lai lai lai lai lai li

The sky is vast  
And the waters pure  
Can't it last  
A little more?  
Let's ride off to Del Rio  
Hit the trail tomorrow  
Lai lai lai lai lai lo  
Lai lai lai lai lai lo
