Stage rider

Distant consists of 1 vocalist, 1 bassist, 2 guitarists and 1 drummer.

Specification from stage right to left:

1. Right and left guitar amps: Kemper profiling pre-amp and Matrix 800W amp
2. Guitar pedal board, is connected to 1
3. Stage banners of 1.5m x 1.5m, are made of cloth so microphones can be put in front of them. Used on both sides of the stage.
4. Bass amp. Kemper profiling amp (can be connected to XLR)
5. Bass pedal board, is connected to 4
6. Samples + triggers. Backingtrack samples and bass pedal trigger. Two DI boxes are needed to connect this to the PA!
7. Basic drumkit consisting of a bass drum, floor tom, 2 high toms, 3 cymbal stands, bassdrop stand, snare, hi-hat and double bass pedal. Please provide a carpet for the drums if possible.
8. Microphone, we don't have our own microphone and a mic-stand is not needed.
9. Stage risers

- Heads and stands for the drumkit cannot be provided for the supporting acts.
- Monitors are provided by the venue. No monitors for the drummer please.
- Basic drumkit, 2 guitar cabinets and a bass cabinet are not provided by Distant, unless agreed upon otherwise.

Sound check

Please provide where possible up to 30 minutes time for the band to sound check. The backline will NOT be shared with the other bands unless agreed with the tour manager or band contact beforehand.
