

What are people saying about the Doo-Wah Riders

"The Doo-Wah Riders couldn't have been more PERFECT for the party!!" We had a real mix of music tastes and the various D.J.'s of several different types of formats, so we weren't certain which direction to go. The DOO-WAH RIDERS were the answer! A good band makes for a good party...and you are the reason everyone had such a great time! We appreciated not only your music, but your professionalism."

.....Dick Clark

Review of "Kiss by Kiss" (Doo-Wah Rider's CD "Rope the Wildest Heart")

Lead vocal has a penetrating quality that grabs you by the earlobes from the first note. The chorus ends with a gigantic, gold plated hook with full, rich harmonies. This is definitely worth your attention.

MICOM owes it all to the DOO-WAH RIDERS for the most successful corporate party ever. Everyone not only enjoyed the music, but your stage presence and professionalism. That's the first time I have entertained 1,000 people from all over the country with such a wide range of musical tastes - and you were able to keep them all dancing and having a great time.

The fact that you had 350 Motorola officers and their spouses (from all over the world) out on the floor until late in the evening, even though many of them had never heard live country music before, is evidence of the type of evening we all had."
