Change, Go back to the beginning...

Thoughtless words are like shadows
From a world of icons and idols
From a world where words are graven images
Upon the tablets of time

Change, Go back to the beginning...

There's no time for love
Where the wild one's live
It's the way of the wicked
Where the wild one's live
Born victims of fear
Born into a life where pain is your very best friend

Change, Go back to the beginning
Change, Go back to the beginning
Change, Get back to the beginning

It could've been me, it could've been you
It could've been me, it could've been you
Left on the doorstep to the human inferno
In the hour of zero
It could've been me, it could've been you
It could've been me, it could've been you

One life, one fire
Go back to the beginning
One light, one fire
Get back to the beginning
One life, one fire
Go back to the beginning
One light, one fire
Get back to the beginning

Change, Go back to the beginning
Change, Go back to the beginning
Change, Go back to the beginning
Change, Get back to the beginning

In between birth and death we shall go
Backwards and forwards and round and round
We talk, we twist, we turn, we blow our circuits
Go back to the beginning

There's no time for love
Where the wild one's live
It's the way of the wicked
Where the wild one's live
Born victims of fear
Born into a life where pain is your very best friend

Pulling away, pushing it back
Change, we will take that chance
Change, we will move on

There's no time for love
Where the wild one's live
It's the way of the wicked
Where the wild one's live
There's no time for love
Where the wild one's live
It's the way of the wicked
Where the wild one's live
There's no time for love
Where the wild one's live
It's the way of the wicked
Where the wild one's live
Born victims of fear
Born into a life where pain is your very best friend
