So you wanna do something that's a little bit not too Afro-centric-erotic-space-groove-
jazz-funk-acid-punk

(bump-te-pow)

Come on, what do you want? Come on baby...

(te-bump-de-bump, te-pompa-ta-pow)

Who is it?

It's for me! It's for me!

God damn it. Stop shouting!

It's all about power baby

You know what I'm saying?

It's all about sleep walking through this endless night

You want me to make you feel like you ain't never felt before baby?

Tell me all your Dirty Little Secrets, Dirty Little Secrets

I'm coming up on you like some kind of white witch in a fever baby

Oh yeah

Don't tell me to control myself

I mean, you don't want me to control myself, do you?

Tell me all your Dirty Little Secrets, Dirty Little Secrets

I just want you to slip your umm, tongue up a little bit closer and relate to me baby

You know what I'm saying?

That's just what I need, another girl that's off her rocker!

Oh it's all about power baby

It's all about power

You know what I'm saying?

Tell me all your Dirty Little Secrets, Dirty Little Secrets

I want you take me some place that I've never been before...
