Keys & Programming - Buzz McCoy

Maniac martyr out for the kill
Kult devil rider, gettin' queer for a fix
Poison puppet lick the shit off my boots
You're a shell of a man, selling flesh to transcend

Down with the boys
Yesterday's void
Give me your strange drug

Asylum disciple, lord of the wild
Soul-spinner thriller, life's crash hungry child
Poison puppet lick the shit off my boots
You're a ghost of a man, selling flesh to transcend

Maniac martyr out for the kill
Kult devil rider getting' queer for a fix
Poison puppet lick the shit off my boot
Poison puppet lick the shit off my boot
Poison puppet lick the shit off my boot
You're a shell of a man, selling flesh to transcend

Give me your strange drug
Give me your strange drug
