You tumble like a house of cards
Deep Hollywood pockets
You tumble like a house of cards
Another star crash goes down
You tumble like a house of cards
Cheap Hollywood horror
You tumble like a house of cards
Spotlite Hooker!

Another world, another being
Enough of the headlines (Two-faced people)
Another girl, another shaming
We're sick of your kind (Two-faced people)
Another boy, another taming
It's time to rewind...

Creepy people...

Another young punk goes down
(watch 'em go down)
Freakin' toxic monster
Another star crash goes down
(watch 'em go down)
Sleazy 3-D monster

You tumble like a house of cards
You were a charity case
You tumble like a house of cards
And then a mental case
You tumble like a house of cards
Cheap Hollywood horror
You tumble like a house of cards
Spotlite Hooker!

What?

My father's having an affair with my sister

Your father's having an affair with your sister?

With my sister!

We can only dream to be as fabulous as you
Leave those big, sad, staring eyes in peace with me

In AM stereo
