*The young, the evil and the savage
They live, they love, they die...*

Come over here let me look in your eyes
Let me look in your mind
Let me cut up your life!

Death Threat
I'm warning you now
Death Threat
I'm warning you now

Death Threat
All black and blue
Death Threat
Baby, that's what I do
Death Threat
Look at me now
Death Threat...

Run angel run
Run angel run
Run angel run
They live, they love, they die...

Come over here, feel the burn of my knife
Take your last breathe
Let me cut up your life!

Liar!
Run angel run...
