She's gotta work it for the pleasure of the people...
She's gotta work it for the pleasure of the people...
She's gotta work it for the pleasure of the people...
She'll unlock the doors in your mind

She's gotta work it for the pleasure of the people...
She'll unlock the doors in your mind
Sex kitty dances to the heart of a dreamer
Watch out! You're just wasting your time with her...
With her, with her...
You're just wasting your time

She's gotta work it for the pleasure of the people...
