What chya gonna do?

Egos explode in a black limousine

Watch your head

In the dark, who's that me?

I'm your jailbird, free in myself

Do as I'm told

Look at me I'm your dog

What chya gonna do?

When the hammer comes down

What chya gonna do?

When the devil comes round

What chya gonna do?

Whatchya gonna do?

Whatchya gonna do?

Over-exposed in a skin magazine

Sexotic, erotic

You get what I mean

It's strictly business, no one gets hurt

No one will know

You're my only woman, Diamonde Doll
