This is like a dream

This is like a dream baby

Too many sleepless nights staring into nowhere
Too many silent cries trap me in this nightmare
I close my eyes and try to find someone to talk to
And there you are, I see your face, I put my arms around you

Be my Dream Baby
Come on, dream on, come on, come on!

Too many passive dreams taking us to nowhere
Too many voices tell us this is not a love affair
I close my eyes and try to find someone to talk to
And there you are, I see your face, I put my arms around you

Too many sleepless nights staring into nowhere
Too many voices tell us this is not a love affair
Too many passive dreams taking us to nowhere
Too many silent cries trap me in this nightmare

And there you are, I see your face

I try, I try to find someone to talk to
I try, I try to find someone, to find someone

Be my Dream Baby
