*My friend's turn me on*

*I live for drugs*

(scream)

*I get drugs free, I live for drugs...*

*I get drugs free, my friend's turn me on*

*I can't afford it, I would never buy drugs*

*I get drugs free*

Here where I will sit alone lost,

Here I will dream, why give me a drink?

I need to think now!

I've got to rid my stinking brain..

*Just lately, I freaked out very, very badly*

*Just lately, I freaked out on acid*

*(chant)*

Black boots, highway broads....

Dope forever, forever loaded...

(scream)

It's too bad I need time to sleep

Forget my problems before I wake

and it's time to go on, so on!

Be content and nothing less

*I get drugs free*

*I live for drugs*

(scream)

Here where I will sit alone lost,

Here I will dream, why give me a drink?

I need to think now!

I've got to rid my stinking brain..

Of aches, knives, homeless people, promises, knocking at the door

*(chant)*

(scream)

*My friend's turn me on  
I freaked out very, very badly  
I live for drugs*
