You know you want it - You wanna touch it
You wanna touch it baby?
You know you want it - You wanna touch it
You wanna taste it - You wanna take it
Release the magic
Touch it baby, oh, magic boy
Release the magic
Touch it baby, touch it, magic girl
Release the magic
I'll be you're magic girl
I'll be you're magic boy
You know you want it - You know you want it
You wanna touch it
You know you want it - You know you want it
You wanna taste it - You wanna take it
I'll be your magic boy...
You wanna touch it baby?
I know you wanna touch it
Baby, it's madness
