Why is everybody staring at my body?
It's gettin' me hot
It's makin' me horny

Ooh-la-la
Hoo-ha hoo-ha

When we turn on the heat, more than your temperature will rise!

Blood shot snake eyes belladonna
Let me suck on those lips, I'm a hungry piranha
Big hot, sexbot, voyeur lover
Dive into the wild, cuz you know you wanna

Why is everybody staring at my body?

If we can't get a man easy, we get him hard!

Red light porn strip boy madonna
Go down, shake it around like a star motherfucker
Go down shake it around
It's getting me hot
Go down shake it around
It's getting me hot
Go down shake it around
It's getting me hot
Stop playin' tricks with my mind baby

Why is everybody staring at my body?
