You are no good to anybody
Except to keep a fat world from falling
A scum world without satisfaction
An ill world pregnant with possessions

Why won't you just stop living?

There's a rock in your soul
There's a hole in your mind
There's a rock in your soul
There's a hole in your mind
You've got an ass full of cash
You've gotta mouth load of trash
You're goin' nowhere fast
You're the untouchable class

Why won't you just stop living?

*Don't you know there are more beautiful things in this world,
Than that thing...between your legs!
We're rich, we're famous, we're beautiful
We're rich, we're famous, we're beautiful, and miserable*

Stink fist, Sick dick
Dog pile, Rat hole
Slime ball, Sin pig
Trash can, Freak Man

Why won't you just stop living?
