

“Shimmer”

Written and Arranged by
Jeff C. Baker

There were dark days, there were grey days, there were blue days in between
There were times when, I was wonderin', would ya stay with me?

Then the sun came out, it came shining down

Come out and shimmer for me like the sunlight on the sea
Your eyes are oceans, I hold you closer, closer to me
I hold a glimmer of hope like a castaway on a boat
Out on the water, ya come out and shimmer, shimmer for me
Shimmer for me

There were things that, that we both said, that we both know we didn't mean
Angry words and misunderstandins', 'bout the dumbest things

Then, we worked it out, turned it all around

Come out and shimmer for me like the sunlight on the sea
Your eyes are oceans, I hold you closer, closer to me
I hold a glimmer of hope like a castaway on a boat
Out on the water, ya come out and shimmer, shimmer for me

Never givin' up, we're never givin' in
We'll keep tryin', 'til we fall in love again

Then the sun came out, it came shining down

Come out and shimmer for me like the sunlight on the sea
Your eyes are oceans, I hold you closer, closer to me
I hold a glimmer of hope like a castaway on a boat
Out on the water, ya come out and shimmer, shimmer for me
Shimmer for me
