

Our Year in Review.

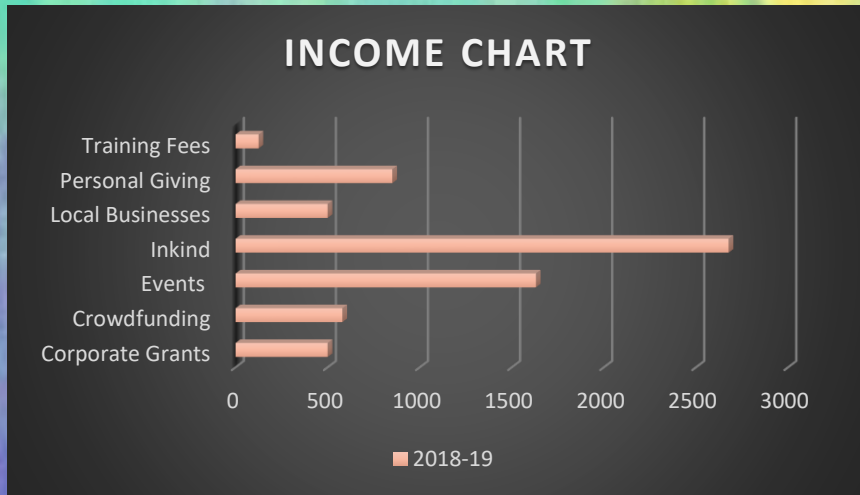

Lyrical Healing Inc Annual Report 2018-19

Lyrical Healing Inc is a 501 C3 Non-Profit Youth Music Organization. We offer free music courses to teens from adverse environments as a positive outlet for self-expression and stress relief. We are also advocating for the understanding and furthered education of “*Adverse Childhood Experiences*” (ACEs), the study that links adverse upbringings such as abuse and neglect, directly to adult chronic illnesses. We aim to be the intervention between the adversity and the negative life long impacts it can create.

WHO DO WE SERVE?

How do we Fund our Programs?

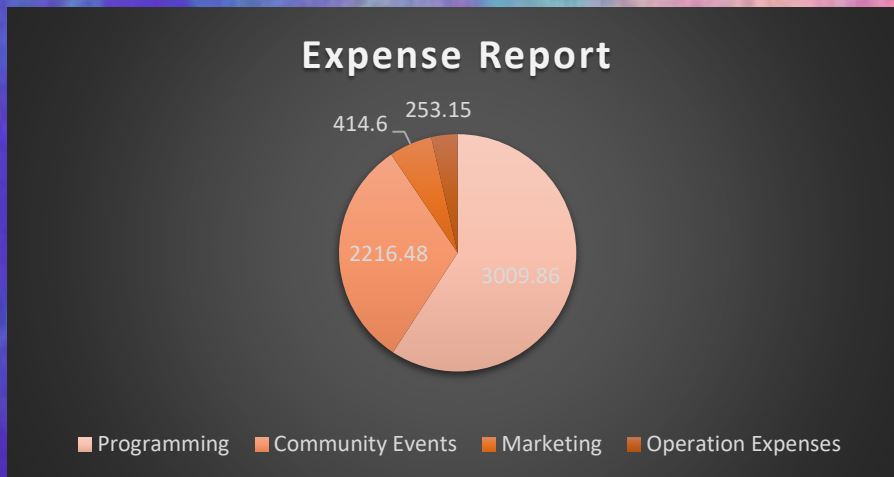

Year one we have found a small but dedicated support system right here within our community. Together we were able to meet our year one goals in funding our program. Above are our fundraising strategies and the income they brought forth.

YEAR 1 FINANCIAL GOAL - \$7000.00

YEAR 1 INCOME RAISED - \$7065.52

How are the funds raised Spent?

For our year one program we wanted to focus on two things without funds. That was supplying the needs for each of our programs and community involvement. Above is an expense break down of the total amount of money raised for the 2018-19 program.

THANK YOU TO EVERY ONE OF OUR SUPPORTERS AND DONORS FOR BELIEVING IN OUR MISSION AND SUPPORTING THE VISION. WE TRULY ARE BETTER TOGETHER!

Lyrical Healing Inc.
