

## HARD TO MAKE A LIVING

well it's hard to make a livin these days  
can't work enough to recover  
nobody knows where it goes  
not even my mother

hay hay hay  
daddy doesn't know what to say

cause he shoved down the slide  
took a high def ride to the shithole  
when the drone strike cleared  
He was blown up and left on the road  
left alone in the bank

well it's hard to make a livin these days  
hard to be a good brotha  
overworked, underpaid  
out in the cold no cover

oh wo wo  
The economy fell  
from the glow

well you can  
roar like a lion  
soar like an eagle  
argue with each other  
till your blue in the face  
slide like a reptile  
run till you can't smile  
you know you find yourself  
back in the same place!

well we got shoved down the slide  
took a high def ride to the shithole!  
when the drone strike cleared  
we were blown up and left on the road  
left alone in the bank!
