

LET ME IN

I walked up to your doorstep
To knock upon your door
but I
I noticed two were in there
Even though there was no light

You're open Smile would greet me
when I would do this in weeks past
it is a surprise completely
that our love would not last

but you take for granted
that the man in your eyes now
will be around to love you
half as much as I know how

You don't really see
what's inside of me
right outside your door
bringing so much more
why won't you
let me in

I walked down from your doorstep
so I could
get on with my life
I noticed you weren't in there
So I met someone to share my life

Her open smile will greet me
and our child will make us laugh
and I know completely
that our love will always last

You don't really see
what's inside of me
right outside of your door
bringing so much more
why won't you

LET ME IIIIN!

I don't know what game to play
You gotta let me in
I don't know what words to say
You gotta let me in

I don't know what game to play
You gotta let me in
I don't know what words to say
You gotta let me in

You don't really see
what's inside of me
right outside of your door
bringing so much more

So much more

to get on with my life
to get on with my life
