

## CHOCOLATE MILKSHAKE

When I came home there was no one here  
I took a bath and I had a beer  
The picture of us on the wall  
Gave me chills so I had to call

How are you doing I politely said  
Not so good in my lonely bed  
I didn't know what to say to you  
I guess that's why I think we're not through

What's wrong?!  
It's been too long  
Sorry for what I said  
I need you like a

Chocolate milkshake  
Chocolate milkshake  
I need you!!

15 minutes I'm outside your house  
I'm texting and I'm tweeting like a Love  
Struck Mouse  
My lonely phone doesn't hear your call  
No texts no tweets on my tronic wall

Hop on my Segway feeling pretty green  
I haunt the night in my lonely scene  
And I can see you're no longer my pet  
This chapter isn't over yet.

What's wrong  
It's been too long  
Sorry for what I said  
I need you like a

Chocolate milkshake  
Chocolate milkshake  
I need you

Yea

You may take me for a fool I see  
That's okay it doesn't bother me  
I'm not a phony like some other hims  
I'm not ashamed to say I want back in

Yea

I want to come home  
I want to come home

Are you done with me  
Do I invade your privacy?

I wanna come home  
I got to get home  
I want to come home
