**Additional Notes:**

- Kaosis plays with electronic drum triggers.
- Kaosis has no on-stage amplification for guitars 1 and 2.
  - Vocalist has in ear monitors and stage monitors.
  - Drummer has headphone monitors and drum fill.
  - **Percussion monitor mix only. NO FOH.**
- Guitar 3 is run through a head and a cabinet for guitar monitoring purposes only. NO FOH mic on cabinet required.

**Monitor Mix:**

Lead Vocal, Guitars, LX,VJ and Drums: Everything except Percussion.  
Percussion: Everything and Percussion.

**Video Requirements:**

Kaosis play with two projectors. These can be supplied or Kaosis can playback video through in-house video screens or projectors if provided.

**Side of Stage/ Production Bay Access:**

Due to the Kaosis' additional light, video, percussion and trigger requirements it would be appreciated if access to side of stage/ production bay to pre config these elements was available 90 minutes before the set time.

The lighting trees are two basic light stands with 5 lights a side. Lights are automated except strobes.

If no in-house video option is available please allow 2.5m of test space for projectors to be test focused 90 mins before set time please.

**Backline Details:**
