

## Faithful Connection

Below is Faithful Connection short bio with some key highlights over the past few years.

*Virginia is one of those states considered as the "border" between the northern hustle and bustle and the southern bible states. When you think about gospel music as it relates to the state of Virginia, there are definitely a few greats that come to mind who could navigate the north and south with no problem. Fredericksburg, Virginia is the home of Faithful Connection. Their CD titled, "Thank You" was released in March 2015. The CD is full of golden gospel nuggets like "Glory Land," "Pass Me Not," and "Come Too Far." The entire CD is a collection of powerful testimonial messages which are sure to bless all who listen. Their music is heard on many radio stations across the United States, iTunes, Google Play, CD Baby, and Amazon are a few places that house this new project.*
