

## What America Means to Me (Version 2)

D G A D  
A Far away Soldier is giving us a dream  
Of endless freedom and possibility  
When they walk on down the street I go up to em and say  
G D G A/D  
Thank You for all you do to protect the USA

### CHORUS

G A D  
**A fruit stand and a marching band and a kid selling lemonade  
Fireworks and T-shirts and an afternoon parade.**  
G A D Bm  
**Party on the city block with music in the street.**  
G A D  
**That's what America means to me.**

Here's to the teacher and the guys that works the field  
Here's to the mason, and the man that makes steel  
Here's to the momma and the daddy that raise young  
Makin America into what I can become.

### CHORUS

C G D  
Down deep I know you believe it too  
C G A  
It's time to work hard and make it true

Every job is a good job, says the guy who works the store  
Honor's in the quality says the guy who sweeps the floor  
Work hard and love more, I thought I heard him say  
Cause they're proud to to be livin' in the good ol' USA  
Cuz we got...

#### Chorus
