

A Beautiful Dance

By Scott Wilcox

I thought I was doing fine on my own G/C7
But no matter how I tried I still felt all alone G/C7/D/Em
I never knew love till you came in my life Am/Em/C
From the moment I saw you smile Am/Em
I knew you'd be my wife B7/C7

CHORUS

Know that I'll always love you, G/C7
Know that I'll always need you
Know that I'll always love you.

I promise to love you every day,
I promise to make you smile
when things don't go our way
Our love takes more than a passing glance
Our love is like two lovers
Swaying in a beautiful dance
CHORUS

I know it took me awhile to find that special love D/Em/Am/Em
A kind face and a beautiful smile, D/Em
the kind I've always dreamed of, Am/Em
And will always love me enough B7/C7
CHORUS

Well you know that feeling you get G/C7
when you feel you lost your way? D/Em
Well I know I've found it here today Am/Em/C7
I've been wandering aimlessly G/C7
just searching for that perfect love. D/Em
As I stand here in your warm embrace Am/Em/B7/C7
I know I've searched enough. G/C7
CHORUS
