

## Life Goes On

Scott Wilcox

G Em  
I knew a girl from Germantown, she had eyes like rain  
C D  
I asked her if she'd marry me, as she boarded a train  
Her look of loving kindness, her eyes filled with pain.  
She knew how much I loved her, but she didn't feel the same,

### CHORUS

Em C  
Life goes on, We need to be strong  
G D Em C  
In the end. all that's left is the hope we get from a sunset.  
G/C/G/C  
Life goes on.

I knew man with a special gift, one that few possess  
He spent his time giving life away, till there wasn't nothing left  
He cried out for a second chance to live the dream he made  
Till time and talent lost its way, To a dream he would forget

### CHORUS

Am D G Em  
Memories are like drops of gold twinkling in the rain  
Am D G Em  
Sometimes the gift of growing old is remembering the pain  
C D  
Cuz even though it leaves a stain – the gold remains.

G Em  
I knew a girl who loved a man, when she was half his age  
C D  
She knew he wouldn't love her, and he never looked her way  
She never forgot his kindness, and the greatness of his soul  
He taught her what to look for, in a man that makes her whole.
