

## **I May Not Always**

By Scott Wilcox

I day we met I knew I'd have to chase you E/G  
And then somehow my mind could not erase you E/G  
Over time I find I've discovered A/G  
Each day I find new ways to love her A/G

I may not always be the most romantic guy D/A/Em/A  
I may not always know the right words D/A/G  
But I've been in love with you for a long time D/A/Em/G  
(1st & 2nd time) Having you in my life makes me better  
A/G/D

Can you possibly know how much I love you? E/G  
Can you possibly see how much I trust you?  
The years seem to echo by yet it amazes me. A/G  
When you look my way you drive me crazy  
CHORUS

Every chance I get I love to flaunt you E/G  
Do you realize how much I want you?  
You don't have to wear the latest fashion A/G  
You will always be my favorite passion  
CHORUS

(3rd time) And I know you're better than I deserve. A/G/D
