

Baton Rouge - Scott Wilcox

I left Wisconsin in a caravan to play the blues down in Louisiana
To show the people who I am, what have I got to lose?
Drove through St. Louis and Memphis down, I heard the Louisiana sound
It's the music on holy ground, down in Baton Rouge.

Chorus

Bat bat bat Baton Rouge, the only way to cure the blues
Is play the Music with a couple of brews down in Baton Rouge
Bat bat bat Baton Rouge country blues of the old bayou
I'm tellin you I got nothin to lose, down in Baton Rouge.

Bridge

I'm going to Louisiana to see Suzanna tonight
To play an old guitar and hear the piano played oh so right
So hold on tight, I'm going to...

Chorus

So now I playin this song for y'all, I think I even found my southern drawl
Tell my friends I'm havin a ball, down in Baton Rouge.
